## SECTION 1 - Identification of the substance/mixture and of the company/undertaking

### 1.1 Product identifier

MONTAPE® separator strips-sealing tape

### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Identified uses Trockenbau - Dry construction – accessory in building sector

### 1.3 Supplier

Montape GmbH  
Holubstr. 3/5  
A-1020 Vienna  
Tel: +43 1 354 77 77  
Fax: +43 1 354 77 77 11  
web: www.montape.com  
email: info@montape.com

Competent person Mr. Günter Url

### 1.4 Emergency telephone number

T: +43 1 354 77 77  
Available during office hours:  
Mo – Th: 07 a.m – 17.00 p.m  
Fr 07.00 – 12.00 Uhr

#### **Austrian toxicity information centre Vienna:**

+43 1 406 43 43  
Available 24 hours

or call your regional poison center or emergency call.

## Section 2 - Hazards identification

### 2.1 Classification of the substance or mixture

Not applicable.  
According to REACH Reg. (EC) No. 1907/2006 the product is declared as an article and is not subject to the provisions of classification according to CLP Regulation (EC) No. 1272/2008.

### 2.2 Label elements

Not applicable.  
According to REACH Reg. (EC) No. 1907/2006 the product is declared as an article and is not subject to the provisions of labeling according to CLP Regulation (EC) No. 1272/2008.

### 2.3 Other hazards

No hazards known.

### Section 3 - Composition/information on ingredients

#### Chemical characterization

Single-sided adhesive polyolefin-foam tape with integrated PE-severance stripe.

The article does not contain any substances in concentrations of  $\geq 0.1\%$  listed on the candidate list of substances of very high concern (SVHC) (last update: 15th June 2015)

### Section 4 - First aid measures

#### 4.1 BDescription of first aid measures

Under normal handling conditions the product presents no significant health hazards. In any cases of doubt seek medical advice.

General rule:

#### Seek medical advice if symptoms occur.

Never give anything by mouth to an unconscious person or a person with cramps.

#### In case of inhalation of dust

No special measures required.

#### In case of skin contact

Generally not skin irritant.

Wash hands with water and soap after working. Consult a physician if symptoms occur.

#### In case of eye contact

Small particles can cause irritation by mechanical friction.

In case of contact with eyes flush immediately with plenty of flowing water for 10 to 15 minutes holding eyelids apart.

Obtain medical attention if discomfort persists.

#### In case of ingestion

Rinse mouth thoroughly with cold water. Avoid vomiting. Give plenty of water. Call a physician if discomfort persists

#### 4.2 Most important symptoms and effects, both acute and delayed

No information available.

#### 4.3 Indication of any immediate medical attention and special treatment needed

Depending on the condition of the patients, the doctor must assess the symptoms and the overall general condition.

### Section 5 - Firefighting measures

#### 5.1 Extinguishing media

##### Suitable extinguishing media

CO<sub>2</sub>, foam, water spray.

Fight larger fires with water jet or alcohol-resistant foam.

##### Extinguishing media which must not be used for safety reasons

Water jet

**5.2 Special hazards arising from the substance or mixture**  
 Fire may cause evolution of COx Harmful vapours, smoke, soot.

**5.3 Advice for firefighters**  
 Special protective equipment:

## Section 6 - Accidental release measures

**6.1 Personal precautions, protective equipment and emergency procedures**  
 No special measures required.

**6.2 Environmental precautions**  
 Do not allow to enter into surface water or drains.

**6.3 Methods and material for containment and cleaning up**  
 Clean dry.  
 Treat the recovered material as prescribed in the section on waste disposal (Section13).

**6.4 Reference to other sections**  
 Schutzmaßnahmen siehe Section 8  
 See protective measures under section 8 and disposal under section 13.

## Section 7 - Handling and storage

**7.1 Precautions for safe handling**  
 Observe protective measures and safety instructions. No special measures required if used as prescribed.

**7.2 Conditions for safe storage, including any incompatibilities**

**Precautions against fire and explosion**  
 No special measures required.

**Requirements on storage and packaging/containers**  
 Store dry and protected from frost, heat and direct sunlight. Shelf life: min. 12 month

**Incompatibility with materials**  
 No data available.

**Conditions of storage**  
 + 5 to +40 °C

**VbF class**  
 No data available.

**7.3 Specific end use(s)**  
 Dry construction – accessory in the building sector

## Section 8 - Exposure controls/personal protection

### 8.1 Control parameters

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

### 8.2 Exposure control

General protection and hygiene measures

When handling with chemical substances observe usual precautionary measures.

Keep away from foods and drinks.

When using do not eat, drink, smoke. Wash hands after working with product. Do avoid contact with skin and eyes.

Change contaminated clothing and wash before reuse.

Protective clothing needs to be selected specifically for the workplace, depending on concentrations and quantities of the hazardous substances handled. The chemical resistance of the protective equipment should be enquired at the respective supplier.

#### Respiratory protection

Not necessary.

#### Hand protection

Not necessary.

#### Eye protection

Not necessary.

#### Body protection

Working clothes.

#### Environment exposure control measures

Do not allow to enter into surface water or drains.

## Section 9 - Physical and chemical properties

### 9.1 Information on basic physical and chemical properties

<b>Physical state / Appearance</b>	solid
<b>Colour</b>	Dark grey
<b>Odour</b>	approx. none
<b>Odour threshold</b>	No information available.
<b>pH value</b>	n.a.
<b>Melting point/freezing point</b>	≥ 70 – 130 °C
<b>Initial boiling point/range</b>	n.a.
<b>Flash point</b>	n.a.
<b>Flammability (solid, gas)</b>	No information available.
<b>Evaporation rate</b>	n.a.

<b>Upper explosive limits</b>	n.a.
<b>Lower explosive limits</b>	n.a.
<b>Vapour pressure (50 °C)</b>	No information available.
<b>Density (20 °C)</b>	No information available.
<b>Solubility</b>	insoluble
<b>Partition coefficient: nocanol/ n-Octanol/ water</b>	No information available.
<b>Ignition temperature</b>	No information available.
<b>Decomposition temperature</b>	> 160 – 180 °C
<b>Viscosity</b>	No information available.
<b>Explosive properties</b>	The product itself is not explosive.
<b>Oxidising properties</b>	No information available.

- 9.2 Other information**  
No further relevant information available.

## Section 10 - Stability and reactivity

- 10.1 Reactivity**  
No hazardous reactions known if used as prescribed.
- 10.2 Chemical stability**  
No decomposition if used and stored as prescribed.
- 10.3 Possibility of hazardous reactions**  
None known.
- 10.4 Conditions to avoid**  
Avoid high temperatures.
- 10.5 Incompatible materials**  
Strong oxidizers
- 10.6 Hazardous decomposition products**  
No further information available.

## Section 11 - Toxicological Information

- 11.1 Information on toxicological effects**  
Toxicological data for the product are not available.

**LD50 values of single components relevant for classification**  
No data available.

**Irritant and corrosive effects**  
**Skin:** irritation is not expected  
**Eyes:** irritation is not expected

#### **Sensitization**

Not expected.

#### **Cancerogenicity**

None of the substances in this product in a concentration of equal or higher than 0.1 % are listed as carcinogens by the International Agency for Research on Cancer (IARC), the National Toxicology Program (NTP) or the American Conference of Governmental Industrial Hygienists (ACGIH).

#### **Mutagenicity**

The product does not contain any ingredients in a concentration of equal or higher than 0.1 %, which are classified as mutagen.

#### **Reproductive toxicity**

The product does not contain any ingredients in a concentration of equal or higher than 0.1 %, which are classified as toxic for reproduction.

#### **Other informations**

According to REACH Reg. (EC) No. 1907/2006 the product is declared as an article and is not subject to the provisions of classification and labeling.

### **Section 12 - Ecological information**

#### **12.1**

##### **Toxicity**

No ecotoxicity studies have been conducted on this product.

According to REACH Reg. (EC) No. 1907/2006 the product is declared as an article and is not subject to the provisions of classification and labeling.

##### **Aquatic Toxicity of ingredients**

No data available.

#### **12.2**

##### **Persistence and degradability**

No data available.

#### **12.3**

##### **Bioaccumulative potential**

No data available.

#### **12.4**

##### **Mobility in soil**

No data available.

#### **12.5**

##### **Results of PBT and vPvB assessment**

No data available for this product.

#### **12.6**

##### **Other adverse effects**

Do not allow to enter dust into surface water or drains.

## Section 13 - Disposal considerations

### 13.1 Waste treatment methods

Any disposal practice must be in compliance with all local and national laws and regulations. Customers are advised to check their local legislation governing the disposal of waste materials. If this product becomes a waste, the final user must define and assign the appropriate European Waste Catalogue code. Use only authorized contractors. Recommendation: smaller quantities may be deposited, higher quantities: heat treatment. Do not allow to enter into surface water or drains.

#### European waste catalogue

17 09 04 - mixed construction and demolition wastes other than those mentioned in 17 09 01, 17 09 02 and 17 09 03

#### Notes:

The European Waste Catalogue (EWC) classifies waste materials and categorises them according to what they are and how they were produced. This may cause other classifications. The final decision belongs to the last user.

#### Uncleaned packaging

Recommendation: After complete emptying send to an authorized contractor to be reconditioned or recycled or disposed.

## Section 14 - Transport information

**No dangerous good in sense of the transport regulation for land, air and sea.**

### 14.1 UN number

Not applicable.

### 14.2 UN proper shipping name

Not applicable.

### 14.3 Transport hazard class(es)

Not applicable.

### 14.4 Packing group

Not applicable.

### 14.5 Environmental hazards

Not applicable.

### 14.6 Special precautions for user

Not applicable.

### 14.7 Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code

Not applicable.

## Section 15 - Regulatory information

### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

According to REACH Reg. (EC) No. 1907/2006 the product is declared as an article and is not subject to the provisions of classification and labeling according to CLP Regulation (EC) No. 1272/2008.

There is no obligation to prepare a safety data sheet for an article. The present article information sheet characterizes the product with regard to the appropriate safety precautions.

#### Germany:

Water hazard class of the material acc. to VwVwS of 17.05.1999/ Annex 4.  
WGK 1 (slightly water-endangering)

### 15.2 Chemical safety assessment

Not applicable.

## Section 16 - Other information

The information contained herein is based on the present state of our knowledge. It characterizes the product with regard to the appropriate safety precautions. It does not represent a guarantee of the properties of the product.

All materials may present unknown hazards and should be used with caution and only for in section 1 identified uses. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist. No liability can be accepted for damage during handling or contact with the product.
